SUMMARY OF INFORMATION

During this session, it was reported that LTC William (Rich) Higgins is at two different locations. The first is Dayr Qanun an Nahr and the second is Al Manzilah. See ENCLOSURE 1. It is not known why he was reported at two different locations. During this session, it could not be determined if LTC Higgins is dead or alive. In approximately three days, there will be a female who is either a news reporter or a radio personality in Beirut that will help lead to the whereabouts of LTC Higgins. LTC

It was also reported during this session that the group who claim that LTC Higgins was executed is not the terrorist group who is currently holding him.

Joseph Cicippio, Terry Waite, Alan Steen, and Edward Tracy are currently located in an area near Qaytulah. See ENCLOSURE 2. Joseph Cicippio and Terry Waite will not be executed based on the fact that the terrorists do have world wide attention and this is what they want.

Referral Review by NIMA/DoD

Thomas Sutherland is currently located at Al Babiya. See ENCLOSURE 3.

Terry Anderson is currently located at Libbaya. See ENCLOSURE 4.

Jesse Turner and Robert Pohill could not be located during this session.

During this session, it was reported that Terry Waite will come out alive based on his own lie. Negotiators should be able to realize this and back him up.

The next two weeks will be extremely tense however there will be a break in the crises situation after August 16th. At this time, an exchange of hostages is highly possible and Tunisia and Algiers will prove very beneficial at the negotiating tables.

As for the Obeid, it is most likely that he is telling the truth to the Israeli's. This is based on the fact that he is afraid for his own life and he is not a strong individual. He was described as a "softie" and now that he himself is a hostage he can't take the pressure. He was described as a "planner" in the kidnapping of LTC Higgins however once Higgins was captured, there was little involvement with him.
